About HostingerBD:

HostingerBD is an **independent affiliate marketing initiative based in Bangladesh**, dedicated to helping individuals, businesses, bloggers, developers, and digital entrepreneurs in Bangladesh (and globally) to purchase Hostinger services at **the highest available discount** through our **official Hostinger affiliate referral link**.

We have adopted the name “**HostingerBD**” to align with our target market and services, making it easier for Bangladeshi clients to associate our service with Hostinger's global brand.

Important Legal Note:

We are **NOT Hostinger’s official partner, reseller, representative, or agency**.

We are **Hostinger's Affiliate Marketer**, promoting their services through a Hostinger-approved referral link.

✓ Purpose and Goals:

Our primary goal is to:

- ✓ Help Bangladeshi clients access affordable Hostinger services.
 - ✓ Provide local payment solutions (e.g., bKash, Nagad, Binimoy) for clients who can't pay with international cards.
 - ✓ Assist customers with service details, package selection, and troubleshooting in **Bangla (Bengali language)**.
 - ✓ Promote Hostinger's hosting services in Bangladesh legally and ethically.
-

✓ How Our Affiliate System Works:

- We provide a unique Hostinger affiliate referral link to all our customers.
 - Clients who purchase via our link get an **extra 20% discount**, in addition to Hostinger's ongoing promotional offers.
 - This **referral discount is approved by Hostinger** and is **tracked directly within Hostinger's official affiliate system**.
 - We earn a commission from Hostinger **ONLY when a client completes a purchase through our referral link**.
-

✓ Who Can Use Our Referral Link?

- ✓ Customers from **Bangladesh**
- ✓ **International customers** (from any country)
- ✓ Freelancers, startups, small businesses, bloggers, developers, or anyone looking for affordable Hostinger hosting services

✓ Local Payment Support for Bangladeshi Customers:

Background Problem:

Many customers in Bangladesh face difficulty making international online payments because:

- Most Bangladeshi debit/credit cards **cannot make international payments**.
- **Dollar endorsement is required** by Bangladeshi law for international transactions.
- Very few people in Bangladesh have an **international payment card (Visa/Master)** with dollar transaction capability.

Our Solution:

We help by accepting local Bangladeshi payment methods:

- ✓ **bKash** (Most popular mobile wallet in Bangladesh)
- ✓ **Nagad**
- ✓ **Binimoy QR Payment (Bangla QR money transfer system)**

How It Works:

- We calculate the exact USD price from Hostinger's website.
- We convert it to Bangladeshi Taka (BDT) using **current bank dollar rates + 15% Government VAT**.
- Customers pay us in BDT via their preferred local payment method.
- We make the dollar payment on their behalf and **activate their Hostinger service**.

✓ If service activation fails for any reason, we **refund the full amount** to the customer via the same payment method.

✓ Important Service Ethics (Client Safety Guarantee):

- We **NEVER** charge extra service fees.

- The only amount we collect = **Hostinger's USD price + Bank conversion rate + Bangladesh VAT.**
 - No hidden charges.
 - No forced upselling.
-

Clear Customer Communication:

We **ALWAYS** tell customers:

-  We are NOT Hostinger's official office.
-  We are NOT Hostinger's agent.
-  We are NOT the Hostinger company.
-  We are Hostinger's Affiliate Marketer.

Our promise:

We remain **fully transparent** about our role at every stage.

For International Customers:

We welcome **non-Bangladeshi clients** too!

They can use our affiliate link and enjoy **the extra 20% discount**, regardless of location.

Privacy Policy:

- **We DO NOT collect or store personal information** from visitors who simply browse our website or click on our referral link.
- **We ONLY collect personal data (name, phone, email, address, business details)** when a customer:
 -  Places a manual order through us
 -  Requests local BDT payment assistance
 -  Seeks after-sale support

Data Usage:

We collect information **solely for order processing and customer communication**.
We **never sell, trade, or share customer data with third parties**.

Refund & Service Guarantee Policy:

- If we fail to activate the ordered service after receiving payment, **we will refund 100% of the payment**.
 - Refunds are processed through **the same payment channel** the customer used.
 - Refunds typically take **24-72 working hours** after cancellation confirmation.
-

How Our Service Works (Step-by-Step Flow):

Step 1 – Place Your Order

Visit HostingerBD.com → Choose your desired Hostinger service → Place your order → Make payment (via affiliate link or bKash/Nagad/Binimoy for local support customers).

Step 2 – Order Processing

We confirm your payment → Place your order with Hostinger → Make payment on your behalf (if using BDT payment option) → Confirm activation.

Step 3 – Service Delivery

Your hosting/domain/email service is activated → Login details sent directly by Hostinger to your email → Service complete.
